DOGGYWELL · COMPLEMENTARY FEED FOR DOGS

DoggyWell Coat

A liquid source of biotin and organic zinc for dogs — against a dull coat, dandruff, itching and brittle claws. Cereal-free, so even fussy dogs take it.

DOSE	DURATION	SPECIES	PACKAGING
3 ml / 5 kg	8 weeks	Dogs	100 ml

HOW IT WORKS

Biotin (vitamin B7) acts on the skin, coat and claw development. Zinc matters for skin and coat, and for the correct function of the thyroid and the immune system.

A shortage of biotin or zinc shows up in more than appearance — it affects general health too. DoggyWell Coat is a concentrated source of both, in a palatable, cereal-free liquid.

BENEFITS

- A beautiful, glossy coat
- Healthy, supple skin
- Optimal skin and coat pigmentation
- Firm claws
- Cereal-free — for fussy eaters
- Zinc supports thyroid and immunity

SIGNS of deficiency

- Dry, brittle, dull coat; hair loss
- Dandruff; loss of skin and coat pigmentation
- Dry, scaly skin progressing to dermatitis; itching
- Brittle claws
